

Jack Price 4" Figures

By Rod Fraser

Here are two carvings for you to observe.
Flat plane, clean cuts, and nary a curve.

I sure like to whittle and it passes the time.
But in this time of Covid, they say it's a crime!

The Pooh-Bahs in charge say this is the end.
They tell us this is no time, to carve with a friend.

But I won't succumb to such negative talk.
I'll carve with my friends and let everyone squawk.
